L e iii The Everyman Collectors Complete Series

In March 2000, Everyman started the ambitious programme of republishing all the novels and short stories in a comparable format of books with hard covers and a jacket designed in each case by Peter B Willberg and illustrated by Andrzej Klimowski. The series consists of 99 books, the last of which was published in 2015, and the full list can be found in Section A. The cover illustrations were also used for the equivalent series of books published in the US by Overlook.

At the time of preparing this note, all the Klimowski covers could be seen at the following website:
