

The P G Wodehouse Society (UK)

Information Sheet Number 7

Revised December 2018

Magazines which featured P G Wodehouse stories

This Information Sheet is complementary to number 4, which listed the magazine appearances of Wodehouse's novels. Not only the novels but also short stories, poems and journalism appeared regularly in magazines in the UK, US, Canada and other countries, and even today new translations of his work may be found in European and Japanese literary journals. However, this sheet only covers publications from UK, US and Canada.

It would be a brave Society which thought it might have traced all such appearances; indeed it is certain that the following lists will be incomplete as many stories were syndicated to the papers of a number of cities in the USA. Accordingly, if any reader can augment the information provided, the Website Editor of the Society at websiteeditor@pgwodehousesociety.org.uk would be pleased to hear from them.
