UNABRIDGED AUDIOTAPES

This edition of *By The Way* provides a complete listing of the unabridged readings of Wodehouse novels and short story collections of which we are aware. Members are invited to take advantage of the discount offers made by Chivers ABC, Isis and Blackstone Audio to enhance their collection of books in this most entertaining medium, and are reminded to mention their membership of the Society to secure the discounts.

Pricing is generally referable to the number of cassettes in the books. The number after the title represents that figure and can be used to calculate the price for the particular publisher.
